Normally, I can't do any more callouts, but since Matti has pissed me off so hard, I cannot let that slide. So, remember that Matti got exposed for his unlikable actions in 2026? Well, this is where I am saying "I can't take it anymore"! So, I'm gonna justify the REAL truth about Matti and why he's a toxic friend of mine. Like what am I, Horrid Henry? Coop Burtonburger, Chicken Little? Being abused by a friend? Well, let's start the topic, shall we?

MrLean has made valid points about Matti so I take credit for him. And I take credit to all my friends as well. Because of what Matti did to me, Chris, MrLean, Graham, Felix, Ignited Jay, and a few others was unacceptable and harmful. And I didn't even know why I apologized to him in the start of June until I heard that he had been disrespecting his mother, threatening to kill him! Because Matti is a huge example of rage-baiting. This is why in my mind, I don't forgive Matti after he sent me an "apology" letter, which I considered BS. See what I mean:

He literally made a rant video out of me for no reason at all. He thought I stole Ivan's soundtrack on my 900 BTNL V2, when I didn't. It's him who picked the music, not me. This straight-up predicts L0usercister stealing people's lists and blaming Sean Parnell for changing the music. The only reason he did that is because I added too many KND characters. Look, people may hate my lists, but just because I put too many KND characters, it would be logicless. It's like hating "Top (Number) Characters from (Media)". It was because I don't have enough characters to place since I lost interest in Ed, Edd, N Eddy, Camp Lazlo, and Hanazuki: Full of Treasures. I should have started watching other media to get my attention rather than KND. And I'm appalled that he told Drake Yin (Drake Yin, I'm really sorry for telling you to delete my videos and mentions about me) to re-uploaded my Anti-Riley 1000 and my Anti-Adrian P. 1200 lists that I can't keep myself quiet. So I had my voice as the reason why Matti is "dissing" me. He literally claimed I am dissing him, when he is the one who started all this madness after I reversed Riley's 1000 BTNL. He has been bitching about me everyday instead of leaving me alone. He makes parodies out of my post where I brought up Conor's 900 BTNL screenshot of back then when I was sexist to girls, saying Sean Parnell would sue me. He makes Ignited Jay's lists look bad only because of the latter's opinions even though he's been gone ever since. He clearly treats me like I am worse than Saxon, when Saxon is a guy who raped a puppy, and has done more irredeemable stuff. Matti should have at least apologized to me and not act like a manchild or double down on his actions. I mean, in a genuine way (Which is what I am doing right now). And he threatened to have my parents smash my devices and put me up for adoption. Putting someone up for adoption only works if they caused a crime. Besides, I'm 22 years old, so putting me up for an adoption makes no sense at all. His "joke lists" on me and Conor aren't any better. The video where I stopped watching Total Drama and put My Little Pony characters makes no sense to me. It's almost like he sees me being racist to Canada, which I am not. There's the rumor that I "improved" when I didn't, and that was in November 2025. Why didn't he tell everyone that? They would have heard Matti's voice after he said "I improved", so what will happen? But that's not the worst thing he did, I'll explain what he did later. There's him posting comments on my BitChute account non-stop, saying harmful things to me, saying I don't deserve any friends, and I'm supposed to quit. If I quit social media, that's like me avoiding

criticism, and I can't do that. And don't even get me mentioned on how he insulted my last name with curse words as well. I was offended by that:

See these pictures, he spited/gaslighted me when he made his 800 and 900 BTNL's, same as what he did to Conor (Seen with D.W. Read and Stacy Beaver). Unfortunately, it's not the end yet: He thinks hating me is his personality trait, just like how everyone makes hating Conor a personality trait. This shows how much of a toxic person he is. Going as far as him treating me like I'm the worst person in this community, when he should have seen Alex-Mae, Saxon, Gabrielle Foster, and Sean Lowe. Now that Conor is improving, I wouldn't have to worry about that. Since he made good points against Alex Kimble being a gr00mer in Google+, making Alex Kimble irredeemable. I don't have to explain everything about what Alex did, everyone talked about him. Maybe one day, he will call Matti out. There's him bringing up Graham's opinion on Twilight Sparkle only because he doesn't like him. Look, it's only Graham's opinion, not yours. People don't have to like Twilight Sparkle whenever they want. And you called it "list-talgic"? Is that a made-up word? There's Matti bitching about Graham's opinions on Horrid Henry, Star Butterfly, Lincoln Loud, Timmy Turner, and many more on the latter's 1100 BTNL. Like I said, it's just his opinions, and people had different opinions. What if one day, I were to be a genuine person who has different opinions? And he threatened Graham to blame me for my behavior, when I wasn't doing anything right now. He also said that he wants to do the dirty with Twilight Sparkle! That literally disgusted me ever since he simps for Queen Chrysalis. In BitChute, threatened to reverse my 900 V3 as revenge for my reversing Riley's and Adrian P's lists. I'd be spited if that actually happened. You know it's funny how he said that reversing people's lists would get him in trouble, yet he said he would do it to spite me. He's notified to have a bunch of hypocrisies. I also heard that Matti wants to kill Sean Caino over an opinion on Queen Chrysalis on the latter's By The Roman Numerals List, who was 17 and Matti was almost 18 when he said that. There's his comment saying the N-word with the "a" at the end on the post "Share this if you like Timmy Huckerdoo":

Racist, right? Even though Sean Caino is no better because of two problems: One, liking Diesel (A Car's Life), and two, disrespecting his own brother by making grounded videos out of him. Technically speaking, on Matti's re-upload video of him "avenging Adrian P", in Chucky's comment saying imagine if I reversed Matti's lists, he threatened to dox my location and beat me up! Wow! Just fucking wow! That is literally crime-talking there! If you actually did that, you would be placed behind bars, just like Alex Kimble! And I don't think "avenging people" does anything, but these are just re-uploads from videos I regret doing. Even if Matti apologized, it feels half-baked to me. Why you may ask? Because he blames that Graham made him suicidal and blamed MrLean when they were just criticising Matti's behavior. So, Matti just spams his comment saying "Leave me alone!" when he brought those to himself. Matti, if you know that apology you sent me, you know that I cannot forgive you for what you have done to me and my friends. If you actually know what you have done, you should've acted like a man, not a manchild! Matti also thinks that Chris is a manchild and says it's his fault by blaming him, when Chris is actually right about him. Funny to say that because Matti himself is a manchild. He

threatened MrLean to “YKW” on Graham’s stream, and how come until March 7th he got away with it? He also reignited dramas, like that one time he reignited “Justin is copying Conor” drama, even though Justin has been dealt with this drama already. Besides, Justin has improved ever since, and same with Jorge. And believe me, how is Matti’s irresistible and irritating drama any better than what I did to Graham, Riley, Dom, and Adrian P?

So with all of that said, Matti is anything but insufferable! How come he went from being decent at first, to insufferable in 2026? He is selfish, obnoxious, unredeemable, and there’s so many things about him that I don’t have to explain for some more! He literally brought all this to himself, and I don’t care what he does if he sees my post! I’m glad I acknowledged that Matti was a terrible person at all costs.

End of story.
